ECO LOGICAL : FORGET THE IRRESPONSIBLE PURCHASES AT ATTRACTIVE PRICES AND FOR THE SAME BUDGET OPT FOR CREDIBLE ITEMS AT IRRESISTIBLE PRICES

STOP INVESTING AT A LOSS FOR YOURSELF AND THE ENVIRONMENT: BY MAKING FALSE SAVINGS WHEN PURCHASING POOR QUALITY AT ATTRACTIVE PRICES AND ULTIMATELY PAYING A HIGH PRICE FOR TREATMENT, RECYCLING (FIGHT AGAINST THE DAMAGE AND COSTS OF POLLUTION)

FIGHT TOGETHER TO DEFEAT POLLUTION AND COMBINE THE FUTURE TO INFINITY (ACT!)

2050 for scientists is a critical date. If we don't change our consumption habits, unspeakable disasters will occur everywhere. Because for the moment these phenomena only affect certain regions or countries, but this will become generalized. You have been able to see for yourself the damage caused by ecological disruption (the media speak to us about it regularly). This is partly due to the melting of glaciers. This is just one example among many others. **We can avoid the aggravation of all these upheavals. This situation is not inevitable if we act now. International efforts by the whole population can overwhelm (defeat) pollution and solve this problem. It is up to us to reconcile the future with infinity by protecting the environment and thus continue to enjoy the incredible spectacle that nature offers us. It is our history, our heritage, our future. We have inherited this gift from our ancestors, of unspeakable value. And, it is up to us to offer it to our successors. Technological feats are also achieved in this direction. So let's stay motivated and optimistic without relenting our efforts.**

OTHER PAYMENT METHODS: Think about prepaid cards (ex GOOGLE) : convenient for paying with credit card / card / IBAN / **cash**

Please use our RIB / IBAN when paying via your customer area (bank transfer)

You can pay in cash by reloading your card at an associated merchant (see their conditions) - then make the transfer to us

Look for those that are secure and associated with a reputable bank (conditions consult their sites)

You can also submit other payment methods to us and we will tell you if we can accept them or not

PAYMENT IN INSTALLMENTS : BY DIRECT TRANSFER (YOUR BANK), PAYLIB, PAYPAL, CHECK, WESTERN UNION

CONDITIONS FOR EVERY PAYMENTS IN INSTALLMENTS : You can ask the seller if he agrees to reserve the goods for you for 3 or 4 months (he is free to accept or refuse). If accepted, as soon as you have sent us full payment, the seller can ship your package to you. In this case, we will communicate the exact details of your payment in installments.

Payment in installments with PAYPAL - you can pay your order in 4 installments directly via the paypal site

If Paypal does not accept your request, or if this offer does not apply in your country : you can ask the seller. if he agrees to reserve the goods for you for 3 or 4 months . Also, the buyer will have to pay the Paypal commission fee (approximately 3.4% for France with each payment and may vary by country). In this case, we will communicate the exact details of your payment in installments. Example for 80 euros (France) : it is 4 Paypal payments of 20.68 euros and 0.68 euros of costs each time - total costs

0.68 X 4 = 2.72 euros - you will therefore pay 82.72 euros). Ditto for a payment in 3 installments, it is 3 Paypal transfers of 27.57 euros Ditto for a payment in 2 installments, it is 2 Paypal transfers of 41.36 euros

PS : free of charge when you pay in one installment, i.e. 80 euros (we take care of this but we cannot manage these charges for payments in several installments on the same order). This is why when you pay in 1 installment on Paypal you are never asked for any fees and you only pay for the item with the delivery costs.

Security for the seller and the buyer : If the buyer is ultimately unable to meet the payment terms, the seller does not risk anything because you should only ship the package to them after they have paid us full payment. And we only return the money to the seller when the buyer receives their package. So no conflict. If the buyer stops paying the installments, we will reimburse them for the sums already paid (excluding Paypal commission fees of approximately 3.4% for France) and cancel the sale. The seller is therefore free to put this merchandise back on sale on the site.

Payment in installments with WESTERN UNION (by arrangement with the seller)

Payment in installments with PAYLIB (by arrangement with the seller)

Payment in installments with PREPAID CARDS (by arrangement with the seller)

Payment in installments with YOUR BANK (by arrangement with the seller)

Payment in installments with CHECKS (by arrangement with the seller)

You can also submit OTHER PAYMENT METHODS to us and we will tell you if we can accept them or not

Payment in installments - security for the seller and the buyer: If the buyer is ultimately unable to meet the payment terms, the seller does not risk anything because you must ship the package to them only after they have paid us full payment. And we only return the money to the seller when the buyer receives their package. So no conflict. If the buyer stops paying the installments, we reimburse them for amounts already paid and cancel the sale. But we do not refund any fees you pay to send us money (eg Paypal or Western Union). The seller is therefore free to put his merchandise back on sale.

Conclusion : This method allows you to ask sellers for amicable payment at your convenience and in complete safety. Buy and sell with confidence.
